To whom it may concern,

This letter is to recommend Jeff Figler Sports Appraisals & Consulting (JFSAC). The San Diego Hall of Champions hired JFSAC to do a comprehensive inventory and appraisal of the museum's collection, including a reorganization of the archives and storage areas.

The project was extensive, consisting of 5,000+ items, and took nearly five months. JFSAC completed the project on time and provided a detailed analysis and appraisal of the collection. JFSAC was professional and communicated throughout the process.

I would recommend them for other similar sports memorabilia related projects.

Sincerely,

A handwritten signature in black ink that reads "Ron Fowler".
